<sup>1</sup>A placement examination in keyboard skills determines the student's placement in the Class Study in Piano courses. Students with a concentration in piano or organ do not take class piano.

<sup>2</sup>Lab Ensemble is required every semester offered: Fall and odd springs.

<sup>c</sup>These courses which appear in the same semester must be taken concurrently. You must be admitted into the teacher education program before you can sign up for Music 480K.

++Alternate year courses; The usual semester of offering is indicated by the calendar year (odd or even) of the semester. Consult the current catalog and the department web site for up-to-date information about semesters courses are offered. Psych 230 and C I 333 are offered every semester; when they are taken is determined by the schedules of the alternate year music courses.

The LAS world language requirement must be met. The U.S. diversity and international perspectives requirements are automatically met with courses required for this degree option (C I 406 and Music 383).

\*Advanced Theory and History courses (music education major requires 1 history, 1 theory) are not offered every semester. Semesters of offerings are listed in the course descriptions in the catalog and at: <http://www.music.iastate.edu/info/degrees>.

**Flexibility in scheduling:** Many general education and education (C I=Curriculum and Instruction) courses can easily be taken in different semesters than indicated as well as in the summer. Music courses are best kept in the order/semesters indicated. (Most music courses are offered one semester each year.)
